PROFILE

Highly motivated professional with adaptability and efficiency in teams. Also having Strong time management, consistency, and problem-solving skills. A quick learner with a passion for excellence, excellent communication, and leadership abilities. Thrives in dynamic environments as a collaborative team player dedicated to success, and a valuable asset to any organization.

PROFESSIONAL EXPERIENCE

Trainee - Software Engineer   06/2023 – present | Chennai, India
Magzter Digital Private Limited ↗
I am currently a software engineer working on the front-end of our project, where my primary task is to reimagine our existing website's user interface with a modern design using Svelte and SvelteKit. This involves enhancing the user experience and visual appeal of our web application.

Full Stack Developer - Team Lead (Intern)   01/2023 – 03/2023
Manvaasam (Remote) ↗

As a full stack developer and team lead, I have managed multiple responsibilities, including 5+ websites and 10+ clients, hosting access, server maintenance, client calls, and account management. With my technical expertise and leadership skills, I have coordinated tasks, provided support, and fostered a collaborative environment. By prioritizing client satisfaction and offering efficient solutions, I have successfully delivered high-quality results and contributed to the success of our company.

PROJECTS

Meal App ↗ 11/2023 – 11/2023
Language Used: *HTML, CSS, JS, BOOTSTRAP*

I created a meal application using HTML, CSS, and JavaScript, integrating various functionalities such as search, favorite item management, API integration, and more. The app allows users to search for specific items, add or remove favorites, and leverages API integration to enhance the overall experience.

Kothur Application ↗ 01/2023 – 03/2023
Language Used: *HTML, CSS, JS, BOOTSTRAP, PHP*

I created a web application for Kothur Village with modules like notification bar, travel details, services offered, and a contact page. Admin maintains and updates these modules. The application provides updated information and facilitates communication between users and the village administration.

AI Assistant - ZARA ↗ 06/2022 – 07/2022
Language Used: *PYTHON*

I developed a personal AI assistant named Zara, capable of fulfilling user needs through voice commands. Zara can perform various functions, including providing the time, day, jokes, reminders, conducting Chrome searches, and more.

AWARDS AND CERTIFICATES
